Re: Notice of Filing - Tucson Electric Power Company's Large General Service Time-of-Use Storage Program Informational Filing  
Docket No. E-01933A-15-0239 and E-01933A-15-0322

Pursuant to the Large General Service Time-of-Use Storage Program tariff ("TILGSTB") approved by the Commission in Decision No. 75975 (February 24, 2017), Tucson Electric Power Company is required to submit the following information on an annual basis: i) the number of customers, both in the current year and cumulatively, that are participating in the program (including the proportion of these customers relative to the entire Large General Service Class); ii) the total peak demand of such customers relative to the program cap of 25,000 kW; iii) observed peak demand reductions, if any, of customers participating in this program; iv) recommended changes, if any, to the Time-of-Use periods for this program; v) if available, information regarding the average time to process applications from customers wishing to participate in this program; and vi) the current year and cumulative kWh exported to the grid by these customers. Please see the attached report for the required information for the calendar year 2019.

If you have any questions or comments, please contact me at (520) 884-3680.

Sincerely,
